INFORMATION INVENTORY PROJECT

PROJECT TITLE: Procurement Coding Manual (RDT&E) Vol I

PROJECT NUMBER: NE 0224

AUTHORIZATION:

ORGANIZATION PREPARING REPORT: OASD(C) / DCDA / ISD

DESCRIPTION: The DD Form 350 codes have been developed to coincide with the RDTE Program Elements in the Department of Defense Programming System. In the case of the Army and Navy, these codes also coincide with Departmental Budget Program Activity Codes (BPAC), while for Air Force they are related to the first two digits of the BPAC. Accordingly, it is possible to analyze procurement figures in terms of DOD Programs and broad Budget Activities
